The atmosphere in the recreation setting should be one that promotes fun, fellowship, and satisfaction. This of course depends upon the attitudes of all those involved. The development of character and fair play should be uppermost in the mind of everyone. Sports should be used as an opportunity for young people to learn how to engage in healthy competition while maintaining respect for their teammates, opponents, coaches, officials and spectators. All parties to athletic competitions should adhere to the highest standards of positive support for the contestants and the activity.

ALL coaches, players and parents need to be especially aware of unsportsmanlike conduct and the Recreations "zero-tolerance" policy. Please note that if a player or coach, or a spectator is ejected from a game because of their conduct an automatic two-game suspension will be assessed. The Rec Board reserves the right to increase the severity of the penalty according to the circumstances involved.

I have read and fully understand the provisions set forth above and will encourage good sportsmanship by demonstrating positive support for all players, coaches and officials at every practice or sporting event and I understand that I may be asked to leave such activities if my behavior has a negative impact on the players, coaches, or other fans.
