

HELP 9-1-1 HELP YOU!

IMPORTANT 9-1-1 TIPS

- 1 9-1-1 is **ONLY** for **EMERGENCIES**—police, fire or medical. Non emergency calls tie up valuable resources.
- 2 Be sure to answer all questions and follow instructions. Be ready to provide emergency information and location of emergency.
- 3 Stay on the line—**DO NOT** hang up if you accidentally dial 9-1-1. Hang up calls cause a delay in service to real emergencies.
- 4 **CALL IF YOU CAN, TEXT IF YOU CAN'T.** Voice calls are the fastest way to contact 9-1-1
- 5 9-1-1 is the best way to reach emergency services—not an app!
